Judge Caproni:

You gave Sheldon Silver a twelve 12 year sentence (fair and reasonable), but you recommended a cushy prison environment that is highly favored for the "chosen people" Orthodox Jews?

It simply means that this crook of crooks who stole my mother's apartment is still weilding a lot of power. It is amazing how some of these folks like him can talk about the suffering of their of ancestors in Eastern Europe (as if they have a monopoly on suffering), yet they can turn around and do such evil, because they are greedy and money grubbers who inflict such inhumane suffering on others. For instance, some of those who supposedly escaped persecution in Eastern Europe; when they went to South Africa had no problem stealing the indigenou black people South African lands, and banishing them to bantusans (from the term Bantu) or townships, to live under the most horrible conditions known to the human race.

What has happened to Sheldon Silver made me realize there is such a thing as karma "you reap what you sow". My dear mother lost her apartment, because of the crooked judges (same tribe) in the Housing Court, who were influenced by Sheldon Silver and his gang, Mom wanted her independence, so she had her own apartment in what is now known as "Hillman Towers". When, she lost her apartment, we gladly took her in and made sure she was comfortable. She returned to her homeland, never looked back and is now an ancestor.

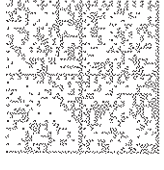

No matter how cushy a prison is, horny Silver will not have access to cheap motels for illicit sex with his mistresses outside of marriage.
